Man of Steel

Frank Black

Under the stars each night
I wonder, if stairs go there
I'm lonely driving behind the wheel
Can't get nowhere
I can't seem to get it right
I'm only just a man of steelIs there a place?And under the stars tonight
I wonder, if someone cares
I'm lonely, that's the way I feel
Can't feel no stairs
I've gotten a real ad-heist
I'm only just a man of steelThere is a place
