Chain Reaction

Susan Wong

You took a mystery and made me want it
You got a pedestal and put me on it
You made me love you out of feeling nothing
Something that you do, ohAnd I was there not dancing with anyone
You took a little then you took me over
You set your mark on stealing my heart away
Crying trying anything for youI'm in the middle of a chain reaction
You give me all the after midnight action
I wanna get you where I can
let you make all that love to meI'm on a journey for the inspiration
To anywhere and there ain't no salvation
I need you to get me nearer to you
So you can set me free
We talk about love love love
We talk about love
We talk about love love love
We talk about loveYou make me tremble when your hand moves lower
You taste a little then you follow slower
Nature has a way of yielding treasure
Pleasure made for youYou gotta plan your future is on the run
Shine a light for the whole world over
You never find your love if you hide away
Crying dying all you gotta do isGet in the middle of a chain reaction
You get a medal when you're lost in action
I wanna get your love all ready for the sweet sensation
Instant radiation
You let me hold you for the first explosion
We get a picture of our love in motion
My arms will cover my lips will smother you
With no more left to say
We talk about love love love
We talk about love
We talk about love love love
We talk about loveGet in the middle of a chain reaction
You get a medal when you're lost in action
I wanna get your love all ready for the sweet sensation
Instant radiation
You let me hold you for the first explosion
We get a picture of our love in motion

My arms will cover my lips will smother you
With no more left to say
We talk about love love love
We talk about love
We talk about love love love
We talk about love
We talk about love love love
We talk about love
We talk about love love love
We talk about love
