Still Waiting

Ellis Hooks

Check this out
It's Devant with the Hailey Bros
Waitin' on you, baby
You know what I'm sayin'
It's been a long time
They still waitin'
Still waitin' to get it on
Comin' straight from the Dirty South
Haa
Baby yeah
I'm tellin' you something
I think you should listen
I'm makin' an offer
But it's your decision
The choice is yours
It's all up to you
So don't be a fool
You know who to choose girl
Know, every time I see you walkin' by
With the other guys
I just wonder why can't that be I
Kissin' your lips and rubbing your thighs
Wakin' up every mornin' by your side
Won't you tell me why
I'm still waitin' for you
To come feel ecstasy
On my knees
Check my stees
Let me knock it with ease
I'm still waitin' for the day
When I can fill his space
When I can take his place
You can fill my face all around you, girl
Uh, huh
Listen
I'm dreamin' about you
Schemin' to catch you
Been meanin' to tell you
I'm feelin' to smell you

Nothin' that you said

Nothin' that you did
It's just the way you are
Girl you flip my lid
And every time I see you walkin' by
With the other guys
I just wonder why can't that be I
Kissin' your lips and rubbing your thighs
And wakin' up every mornin' by your side
Till I know why
I'm still waitin' for you
To come feel ecstasy
On my knees
Check my stees
Let me knock it with ease
I'm still waitin' for the day
When I can fill his space
When I can take his place
You can fill my face all around you, girl
I'm still waitin' for you
To come feel ecstasy
On my knees
Check my stees
Let me knock it with ease
I'm still waitin' for the day
When I can fill his space
When I can take his place
You can fill my face all around you, girl
I'm still waitin'
I'm still waitin' for you
To come feel ecstasy
On my knees
Check my stees
Let me knock it with ease
I'm still waitin' for the day
When I can fill his space
When I can take his place
You can fill my face all around you, girl
