Daily Routine

Animal Collective

Just a sec more in my bed Hope my machine's working right When it's just precisely tuned Thats how it comes out so nice

Make sure my kid's got a jacket Keys and coat and shoes and hat Strap a stroller to my back Bouncing along every crack

What good is it to make it fast
Sing a song to pass the playground
What can I do as traffic pass
Guard my girl from muffler's black gas
What can I do to make it fast
Pop a jump but not too hard
And we'll end up at the ramp
Stop and look at the traffic signal
