

# Beautiful Bride

## Flyleaf

Beautiful diversity, functioning as one body  
Every part encouraged by the other  
No one independent of another  
You're irreplaceable, indispensable  
You're incredible, incredible Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
Fighting ends in forgiveness  
Unite and fight all division, beautiful bride Strengthen your arms now, train your fingers for battle  
Urgency's here now, train your fingers for battle  
Fighting this violence with your feet wrapped in peace  
Sad tears and silence, now screams of joy, victory Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
Fighting ends in forgiveness  
Unite and fight all division, beautiful bride Beautiful bride, body of Christ  
One flesh abiding, strong and unifying We're not gonna fall and forget  
How far you went to pick us up  
If one parts hurt the whole body's sick  
If one part mourns we all mourn with him Rejoice, we'll sing with you  
Hallelujah, hallelujah, hallelujah, hallelujah Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
Fighting ends in forgiveness  
Unite and fight all division, beautiful bride Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
Fighting ends in forgiveness  
Unite and fight all division, beautiful bride
