She Wants Money

Ratt

I take her home, it's late at night
She's lookin' good, hot tonight
But I wanna know, how far she goes?She gives the clue, I make my move
I got the rhythm in the groove
Slow at times, right tonightShe wants money, she
She wants money, she wants money
She wants money, she wants money
She wants moneyShe's so ready, doesn't even care
She's like a razor cuttin' through the air
She's callin' me, I'm so at easeI understand what she's tellin' me
It's so clear that even I can see
You wanna play, you've gotta payShe wants money, she
She wants money, she wants money
She wants money, she wants money
She wants moneyI try to tell her I don't have no cash
She looks at me and starts to laugh
I don't wanna know, you've gotta goI see her walkin' on down the street
She sees another and she acts so sweet
You wanna try your luck tonight?She wants money, she
She wants money, she wants money
She wants money, she wants money
She wants money, yeah just moneyShe walks the streets all night alone
She acts so sweet, she makes it knownShe wants money
She wants money, she
She wants money, she wants money
She wants money, she wants moneyShe wants money, quick change
She wants money, she wants money
She wants money, she wants money
She wants money, she wants moneyShe wants money, she wants money
She wants money, oh she
She wants money, she wants money
She wants money, she wants moneyShe wants money, she makes me feel so good
She wants money, oh she
She wants money
