## I Am the Avalanche

Beautiful vibes  
And only good times  
Just waking up  
From the darkest days  
I'm not coming backI've been dragging myself through  
With regards to  
The worst this life can give  
And I swear to you  
My eyes don't ever close  
If it's the only thing you know  
I'll be looking after you when I'm dead and buried  
Clear blue skies  
Shining on the brightest eyes  
Young Kerouacs  
Before it all went black  
I'm going backI've been dragging myself through  
With regards to  
The worst this life can give  
And I swear to you  
My eyes don't ever close  
If it's the only thing you know  
I'll be looking after you when I'm dead and buriedYoung Kerouacs  
Young Kerouacs  
Before it all went black  
I'm going back  
I've been dragging myself through  
With regards to

And I swear to you
