

Ocean of Mercy

The Thirsting

Search your heart
And search your soul.
There's no greater love,
And there's nowhere left to go.

You've ran too far
And you're afraid of letting go.
Your backs up against the wall,
And there's nowhere left to go.

(Chorus)

And an ocean of mercy is falling down on you.
An ocean of mercy is falling down on you.

Let Him steal your heart,
Let Him steal your soul.
Your backs up against the wall,
And there's nowhere left to go.

(Chorus)

And an ocean of mercy is falling down on you.
An ocean of mercy is falling down on you.
An ocean of mercy is falling down on you.
An ocean of mercy is falling down on you.

You will not survive
Without the blood of Christ!
You will not survive
Without the blood of Christ!

So pick up the pieces when your worlds fallen down.
Don't think you can survive without your God around.
It's only when we fall that we know were found
It's only when we fall that we know were found.

Search your heart
And search your soul.
There's no greater love,
And there's nowhere left to go.

(Chorus)

And an ocean of mercy is falling down on you.

An ocean of mercy is falling down on you.

An ocean of mercy is falling down on you.

An ocean of mercy is falling down on you.

Oceanâ€¦

Is falling down on you,

Oceanâ€¦

Is falling down on you

Oceanâ€¦

Oceanâ€¦
