

Take Your Time

Buddy Holly

Take your time, I can wait
For all the love
I know will be mine
If you take your timeTake your time, though it's late
Heart strings will sing
Like a string of twine
If you take your timeTake your time, and take mine too
I have time to spend
Take your time, go with me through
Times 'til all times endTake your time, I can wait
For all the love
I know will be mine
If you take your timeTake your time and take mine too
I have time to spend
Take your time, go with me through
Times 'til all times endTake your time, I can wait
For all the love
I know will be mine
If you take your timeTake your time
