

Awaken

Elevation Worship

chorus:

awaken my heart, awaken my soul
to tell of all you've done
awaken my heart, awaken my soul
to sing of your great love

I lift my cry to you oh God
only you can save

I will not fear the darkness here
where the lions wait

verse 1:
you send from heaven and you rescue me, you rescue me
I will take refuge in the shadow of your wing

verse 2:
I will run hard into your arms

Lord you carry me
despite my pain your plan remains
you will deliver me

pre-chorus:

chorus
God you lifted me out
God you lifted me out
and I'll tell all the world
