

# Pink Nightmares

## Infected Mushroom

(repeat 3X)

Keeping you sane, and you fade away

Just enough, you felt the edge again

You took 2 pills and you fell asleep

Hugging six rabbits and having pink nightmares(repeat 15x)

Having pink nightmaresKeeping you sane, and you fade away

Just enough, you felt the edge again

You took 2 pills and you fell asleep

Hugging six rabbits and having pink nightmares
