

Guide Down Denied

Grandaddy

Guide down denied
I might drift forever more
But Id sure like to come ashore
SometimeGuide down denied
All my friends are home indoors
Reading bout me, feeling sorry for
The guy who tried but ended upGuide down denied
Guide down denied
Guide down denied
Guide down denied
(Denied)Guide down denied
Did you wait for me to show?
Get pissed off and finally go?Guide down denied
I dont wanna drift no more
I dont wanna be the story
Of the guy who tried but ended upGuide down denied
Guide down denied
Guide down denied
Guide down deniedGuide down denied
Guide down denied
Guide down denied
Guide down deniedGuide down denied
Guide down denied
Guide down denied
Guide down denied
Guide down denied
