Love

Love

Love

Love

Now let me start this, if home is where the heart is  
With her I feel at home and even when we're apart it's  
Strange but I can feel her presence beside me  
So in a sense one could say that she guides me  
Now I'm remembering the first time I saw her  
Feeling this vibe or whatever, let's say aura  
But I never would have thought, see I never could have known  
Outta one chance glance all of this could have grown  
And that's the beauty of it you see it grows and it's natural (natural)  
What can I say in every way we're compatible  
Talk is cheap at times we don't speak  
'Cos we're engrossed in thoughts that are deep  
It's like two hearts, two minds, two bodies, two souls  
Making one whole, now it's gotta be told  
That what we have is more than just physical  
Don't be so cynical we gotta spiritual love  
Feels so natural (natural)  
More than physical (c'mon S Club in the house)  
Spiritual love  
Feels so natural  
More than physical  
Spiritual love  
We gotta love I can trust let me tell you 'bout us  
Underline the word love see it ain't about lust  
It's a spiritual love oh, what a feeling  
Impossible to measure it, one can only treasure it  
Sort of like a legacy, maybe it's my destiny  
Maybe it's a test of me, to bring out the best in me  
  
Who knows, who cares, all I know is that there's  
A reason for everything and whatever fate may bring  
See I didn't plan this some don't understand this  
They try to play the role of thinking that's what a man is  
To me she's more than just a fashion accessory  
And I'll protect her by any means necessary

Two hearts, two minds, two bodies, two souls  
Making one whole now it's gotta be told  
That what we have is more than just physical  
Don't be so cynical we gotta spiritual love  
Feels so natural (natural)  
More than physical (more than physical)  
Spiritual love  
Feels so natural (feels so natural)  
More than physical (more than physical)  
Spiritual love (aha, you got a spirtual)  
Hey, can you feel it, it's so natural  
Oh, do you mean it, you know you mean it, baby  
We've got a spiritual love  
Feels so natural (natural)  
More than physical (more than physical)  
Spiritual love  
Feels so natural (feels so natural)  
More than physical (more than physical)  
Spiritual love (spirtual, spiritual love)  
Feels so natural (natural)  
More than physical (more than physical)  
Spiritual love  
(love) Feels so natural  
More than physical  
Spiritual love
