# I Am

## Cheyenne Jackson

one thousand voices calling my name
which one is right
whoâ€™s playing games
i gotta live from the heart
tell them all whoâ€™s in charge I am
on the way to the time
where all my dreams come true
everyoneâ€™s telling me what to do
i gonna live from the heart
tell them all whoâ€™s in charge
I am
the demon of doubt
live in the heart of my ear
theyâ€™ve got it all figured out
they sow the seeds of fear
but in the ear of my heart
is the voice of a love
that makes me stopping standing rising above
yeah the demon of doubt
live in the heart of my ear
theyâ€™ve got it all figured out
they sow the seeds of fear
but in the ear of my heart
is the voice of a love
that makes me stopping standing rising above
when youâ€™re down in the ditch
where you canâ€™t see the day
donâ€™t let doubt ever gets itâ€™s way
live from your heart
tell doubt all whoâ€™s in charge
I am
let here comes who around you and claimed it away
and sing the song still like feels today
oh live from the heart
tell them all whoâ€™s in charge
I am
just live from your heart
tell doubt all whoâ€™s in charge
I am i am

just live from the heart
tell them all whoâ€™s in charge
i am i am i am
