

Splish! Splash! Sploo!

The Irrepressibles

Splish, splash, sploo
How the rain falls through
There's an aching pain
From a darkened room Take my hand
Take my whole life too
Oh, 'cause I can't help
What I do to you Aah, aah, aah You, your game is the same
As who had the same game too
Is the same as you Aah, aah, aah And you put it away
And you put it away
And you put it off
And you put it away
