

Get Me Naked 2: Electric Boogaloo

Minus the Bear

Try to get some rest,
count backward from ten.
You've gone too long without sleep
I know you won't rest stressed, so give up, just give up.
And don't say no to pills,
Ativan won't kill.
You said, 'My life's like a bad movie,'
And I said, 'It's true of all us.'
You said, you said, 'I've got to wake up so fucking early,'
And I said, 'Maybe the directors turned on us.'
Outside the five sounds like the ocean,
relax, don't keep your eyes open.
Don't look at the clock,
your brain will never stop.
You said, 'My life's like a bad movie,'
And I said, 'That's true of all us.'
You said, you said, 'I've got to wake up so fucking early,'
And I said, 'Maybe the directors turned on us.'
Don't say no to pills,
Ativan won't kill.
