

Blind (feat. Emmi) [Danielle Diaz Remix]

Feder

I'd figured you out
There wasn't a doubt
In my mind
I was so blind to it
So obvious now
Now I can see how
Them late nights
Set you on fire then you You pulled a face I've seen
Only in magazines
Can't look you in the eye
I wanna run and hide
Heart stops and I can't breathe
What you just said to me It down right blew my mind Didn't see it coming, coming, coming
Didn't see it coming, coming, coming
Didn't see it coming, coming, coming
Didn't see it coming, coming, coming
I didn't, didn't know
I didn't, didn't
I didn't, didn't know I didn't, didn't
I didn't, didn't know I'm sorry I ran
With scissors in hand
I'm so young
That was straight dumb of me Head out of the sand
Now I understand
And I'm numb
I was undone when you You pulled a face I've seen
Only in magazines
Can't look you in the eye
I wanna run and hide
Heart stops and I can't breathe
What you just said to me
It down right blew my mind
Didn't see it coming, coming, coming
Didn't see it coming, coming, coming
Didn't see it coming, coming, coming Didn't see it coming, coming, coming
I didn't, didn't know
I didn't, didn't
I didn't, didn't know
I didn't, didn't One night

You make it all shine
When I saw you tonight
It was like the first time
And how could one night
Turn me down, upside
When I saw you tonight
It was like the first time
And I
I didn't, didn't
I didn't, didn't know
I didn't, didn't
I never expected this today
Oh God, I'm falling catch me now
I didn't see nothing come my way
Oh God, I'm falling catch me now
