

Sober

[Mindy Smith](#)

Tonight I'm a orphan, tonight I'm no one
Tonight I'm a stranger with a stolen gun
Don't make me smile, it's not what I'm after
I came here tonight with a taste for disaster I can't escape, you keep bringing me here
I tried sober but I can't get you out of my head
It's over but I can't get you out of my head I'll trade this heartbreak pain for a hammer on my brain
Don't put it on ice, don't pour me no hope
Don't want nothing in my glass that's gonna float
I'll shoot em straight 'cause I'm bullet proof
Don't wanna warm buzz, just the cold hard truth
I should be laughing and living
And loving myself instead
I tried sober but I can't get you outta my head
When I finally come around
When I left myself be found
I'll reach my higher ground I can't escape, you keep bringing me here
I tried sober but I can't get you out of my head
It's over but I can't get you out of my head
