Freak Machine

Fit for Rivals

Every time you come around, you come around
You're hotter than a fever
And you got me shakin' down on my knees
Give me the run-around, the run-around
I just want your love right now, so give it to me!
'Cause I'm burning inside, when I'm locked in your eyes
And you got me sweatin' all night long
And I'm feelin' alive, for the first time I'm dyingWhoa oh
Like a moth to a flame
I go to you, and I burnMy freak machine!
My Saturday!
I can't take you off or shake you off
When you got your hands on me
You got me tongue-tied
I'm so hypnotized
I can't take you off or shake you off
No matter how hard I trySomeone call the doctor now
I'm feeling weak
My heart is dropping to the ground
I don't know how you do it to me
You say you love me now, you love me now
Why give me the run-around?
Get closer to me!
'Cause I'm burning inside, when I'm locked in your eyes
And you got me sweatin' all night long
And I'm feelin' alive, for the first time I'm dyingWhoa oh
Like a moth to a flame
I go to you, and I burnMy freak machine!
My Saturday!
I can't take you off or shake you off
When you got your hands on me
You got me tongue-tied
I'm so hypnotized
I can't take you off or shake you off
No matter how hard I try
No, I can't take you off or shake you off
(C'mon now, shake it, shake it!)You gotta one, two, three
Baby, get on your knees
You better never let off

You better do as I please
Oh baby, four, five, six
Let me get my fix
'Cause I'm a sinner, I just wanna mess around a bit
You gotta one, two, three
Baby, get on your knees
You better never let off
You better do as I please
Oh baby, four, five, six
Let me get my fix
I want you, I want you, I want you!My freak machine!
My Saturday!
I can't take you off or shake you off
When you got your hands on me
You got me tongue-tied
I'm so hypnotized
I can't take you off or shake you off
No matter how hard I try
No, I can't take you off or shake you off
No matter how hard I try
Whoa, take you off or shake you off
