

# Where Were You

Brenda Holloway

Once I had a love so strong  
I used to think we always be together  
It was pathetic how I wait to ev'ry day  
to hear the things that I would never hear you say  
Friends of mine would ask me out  
but all my friends have someone of their own  
No matter where I went the loneliness was there  
with out your love my needs were just too much too bear Darling, where were you - when my love was strong,  
where were you why did you wait till my love was gone  
I was so good so good to you, you know I tried in ev'ry way to please you  
well ev'ryone is someone's fool and don't you know  
how much you hurt me ev'rytime that you would go Darling, where were you - when my love was strong  
where were you why did you wait till my love was gone MMMHHHHHH  
MMMMHHHH UHHHHHH Yeahhhhhh  
WWOOOHHH YEAAAHH YEAAAHHH So at last you broke my heart  
and now you want what I don't have to give you  
there's nothing left of all the love that used to be  
'cause you were never there to give it back to me  
Darling, where were you - when my love was strong  
where were you why did you wait till my love was gone  
where were you oohhh darling where were you  
oohhh oohhhh where were you yeahh  
where were you ohhh yeahhh
