

# Chosen By God

## ANDROMEDA

Behind the ostensible government  
sits enthroned an invisible government,  
owing no allegiance and acknowledging  
no responsibility to the people We have heard that half a million  
children have died

I mean that's more children  
than died in Hiroshima  
You know, is the price worth it? I think this is a very hard choice,  
but the price, we think the price is worth it

Chosen by God  
And the world has to answer to us  
We'll show who we are  
If you can not believe it  
We are chosen by God  
You are with or against us  
There is no in between Our enemies are innovative  
and resourceful - and so are we  
They never stop thinking about new ways  
to harm our country and our people  
- and neither do we The biggest threat to America today is not  
communism, it's moving America  
toward a fascist theocracy.

And everything that's happened during the  
Reagan administration is steering  
us right down that pipe.  
...you said: 'the people that were elected  
last week'. They have not been elected.  
That is the point that I'm making, and in the  
case of Baroness Ashton: she has never been  
elected to public office in her entire life.  
She takes an enormously powerful job,  
and the peoples of Europe, of Britain,  
of everywhere else - do not have the power  
to hold her to account and to remove her.  
And that fundamentally is what is wrong with  
this whole European Union, It's all about  
bureaucracy versus democracy. Things have  
gone horribly, horribly wrong. Chosen by God  
And the world has to answer to us

We'll show who we are  
When you least will expect it  
We are chosen by God  
You are with or against us  
There is no noRecited and translatedChosen by God  
And the world has to answer to us  
We'll show who we are  
And you better believe it  
We are chosen by God  
You are with or against us  
There is no alternative
