

# Thula Mama (feat. Reba Red & Hhp)

## Priddy Ugly

She's tired.  
Her back's hurting under paid and  
overworked  
Because she's black shes not a person  
they said  
Because she's black she's not deserving  
Because she's Black she's not an aid she's a burden.  
Because she's Black she's just a servant  
She was  
raped when she was young still a virgin  
Now she lost faith she skipped the death's sudden.  
She's alive  
but inside she's a dead person.
