

I Burned The Bed

Marcy Playground

This bed is tear stained, yeah
And you lit a fire of no return
So I warm my bones and watch it burn
Burn, delivering my soul
And I'm free from your mind control
Yes, I'm free from your mind control
I watch it burn to the ground, oh, oh
I see ashes where we made love
Where I held you near
Where I gave you my soul, oh, oh
Woman
Burning, burn, delivering my soul
And I'm free from your mind control
Yes, I'm free from your mind control
