

Good Girl Gone Bad

Kiss

Yeah!

It ain't love, but it ain't so bad
She ain't nothin' like you ever had, woh
Face of a woman, hands of a child, yeah
Been a long time comin', now she's goin' wild
Well I know she ain't the girl next door
She ain't the girl she was before
She's a good girl gone bad, one kiss can drive me mad

Good girl

(Come on)

Show me the way, yea

The girl can't help it, she's out of control
I gotta have her, she's so hot to hold, yeah
She's gettin' her way, but I'm havin' my fun
A-a-a, steamin' up the window with the radio on
Well she ain't searchin', she knows the score

It ain't love she's lookin' for

But now she's gone too far

She found love in the back of my car

She's a good girl gone bad, one kiss can drive me mad

Good girl

(Come on)

Show me the way, yea

She's a good girl gone bad, one kiss can drive me mad

Good girl

(Come on)

Take me away

Oh, take me away, take me away

She ain't searchin', she knows the score

It ain't love she's lookin' for

But now she's gone too far

I know

She's a good girl gone bad, one kiss can drive me mad

Good girl

(Come on)

Show me the way

She's a good girl gone bad, best love I ever had

Good girl

(Come on)
Take me the way
