

# Everywhere I Go

Eilen Jewell

Twisted up mind  
Tangled up sheets  
Drunken down bottles  
Broken down streets

Everywhere, everywhere I go  
Everywhere, everywhere I go

Can't get it right  
Can't set it straight  
Trouble follows me  
To both my gates  
Waits like a dog who hangs around  
Turns 3 times then settles down

Everywhere, everywhere I go  
Everywhere, everywhere I go

Turn their backs  
And they put me out  
Build me up  
Just to bring me down  
Like pieces of paper in scattered shreds  
Tattered thoughts and worn out beds  
Torn up words and loose change  
Burnt up bits of cellophane

Everywhere, everywhere I go  
Everywhere, everywhere I go

Twisted up mind  
Tangled up sheets  
Drunken down bottles  
Broken down streets

Everywhere, everywhere I go  
Everywhere, everywhere I go

Everywhere, everywhere I go
