

No More

Sneaker Pimps

No more, no more, no more, no more
And I'll never turn back
No more
He says he's the one
He's the one I'm looking for
And I'll never turn back
No more Tell him where
Tell him when
Tell him where I can get found
And I'll never turn back
No more Down on my knees
Down on my knees
Don't need to crawl
Don't wanna please Well, I'll never turn back
No more
