Undertow

Ane Brun

I must follow
These movements wherever they go
I must follow
These movements wherever they go
I'm caught in your undertow
Caught in your undertowI've been trying
So hard, I've been out here so long
I've been trying
So hard, I've been swimming so long
I'm caught in your undertow
I'm caught in your undertowTake me out to sea
Away from you and me
Let me float
Lead me out to sea
Let me go
Let me rise towards the sky
Let me take in this light
Let the shore disappear from sight
I'm caught in your undertow
Caught in your undertow
Caught in your undertowI'm so tired
I must get up for air
But I can't find it
What's up or what's down out here
I'm caught in your undertow
Caught in your undertowTake me out to sea
Away from you and me
Let me float
Lead me out to sea
Let me go
Let me rise towards the sky
Let me take in this light
Let the shore disappear from sight
I'm caught in your undertow
I'm caught in your undertow
Undertow
Undertow
Undertow
