

# Dory

## Dethklok

Oh, wildly cohering in a watery deep  
We'll drop her down to the bottom  
We'll drop her down like she's nothing  
And the water is all  
Oh, the water is still in a wilder deep  
We'll swim around like two dories  
We'll swim around like two dories  
Let loose in the bay  
We'll miss the eddy  
Hold on, make steady  
Go, there is no plenty  
Even keel already gone  
I can't be here all hour  
I can't deserve this trouble  
I can't be here all hour  
I can't describe  
I can't be here all hour  
I can't deserve this trouble  
I can't be here all hour  
I can't describe this water
