

Redemption Song (feat. Enitan Adaba)

Preye Omayuku

Willingly & lovingly he came in search of me.
On the cross, he gladly bore my shame instead of me.
& I cannot resist as he calls out my name inside my darkest night.
As I lay down the things of a life filled with pain, I look into light.

And suddenly my eyes can see his face
His crown of thorns and grace and suddenly I meet the God who took my place and suddenly I hear him call my
name, I see him bare my shame & suddenly, suddenly
I'm saved because he came.

(Repeat verse & chorus)

Suddenly changed
Suddenly new
Suddenly free
Suddenly true
Suddenly I can't phantom living without you.

(Repeat chorus-)
