

# Pop Out

## Styles P

This ain't something for the radio  
This is for the niggas like me that's lettin' the 3-80 go  
With the model chick that love to act a felatio  
Bullet to your body, I know the exact ratio  
Come from the soul like pasta noose and macyo  
Plug 1, plug 2, plug 3  
Rip slow, 1 slug, 2 slug, 3  
On the block, drug 1, drug 2, drug 3  
Epitome at heart, balls in delivery  
It's hard to the day niggas is giving me the god  
And if Satan waitin'  
I try to kill him, no debatin' hatin'  
I'm on all like my niggas elevatin'  
Kinda fascinatin'  
You down bitch? Or you in the cell masturbatin'?  
Soul assassination, either you get it or you don't get it  
Either you will or you won't, with the smell smoke ghost lit it  
If it's a lockout, we gon hop out  
We don't pop shit, we make shit pop out  
If it's a lockout, we gon hop out  
We don't pop shit, we make shit pop outNustso, schizo, go for the gusto  
Bounce when it blitz though, house of the rich though  
I didn't wanna die from the balls of the pistol  
Lie, keep a nigga brain fired like Crisco  
Niggas wanna shine like the ball at the disco  
Want that money long like a headline of frisco  
It's not the young boys or the OG's that get you  
Yea a bullet might, but a missile won't miss you  
D block on me but we went and enlist you  
We all ball but we wanna assist you  
I don't rep but got stripes and I'm official  
Never been got but my nigga I get you  
If it's a lockout, we gon hop out  
We don't pop shit, we make shit pop out  
If it's a lockout, we gon hop out  
We don't pop shit, we make shit pop outMoney coming and going fast but the weed burn slow  
Other niggas will die but their seeds gon grow  
Yea I move H, you kept the G from the dough  
I will lay a nigga down with the 4

Or any caliber gun that's in my hands  
Defend my land and defend my mans  
I ain't the judge but recommend you stand  
Cuz I'm your honor when they move guns and grams  
If it's a lockout, we gon hop out  
We don't pop shit, we make shit pop out  
If it's a lockout, we gon hop out  
We don't pop shit, we make shit pop out
