## Damien Jurado

Tell me when tomorrow comes  
I'll be the first to ride  
Start the car and honk the horn  
I'll be right outsidePour a drink and open wide  
I have things to tell  
I have seen the brighter side  
Of the roads that lead to HellYesterday is miles away  
You'll miss it if you blink  
I found my salvation in  
The places where you drinkYou can say you're on my side  
I know that's a lie  
'Cause given the chance you'd stab my back  
And leave me here to dieJust give me the keys tonight  
I'm happy when I drive  
Revenge is a perfect word  
For what I have in mindDesert lives bring deserted lives  
I know from first hand  
We're moved around like circus clowns  
When laughter's ending now
