

# She's Gone

## Blanks 77

Hey you, walking across the floor now  
hey you, runnin' out the door now  
don't you wanna dance with me  
don't you wanna romance with me  
come on wont 'ya come close now  
come on, I wanna see your face now  
don't you wanna dance with me  
don't you wanna romance with me[Chorus:]  
She's gone, done forever  
she's gone, droppin' like a feather  
she's gone, gone forever  
never again will you see her  
Then I noticed all the slits in her wrists  
then I felt her loneliness  
don't you wanna dance with me, No!  
don't you wanna romance with me  
so i saw her standing on the ledge  
and she's asking me to take that pledge  
don't you wanna dance with me, No!  
don't you wanna romance with me[Chorus]Don't you wanna share what you're feeling  
what you're feeling inside  
don't you wanna let some anger  
let some anger outside.
