

Impacilla Carpisung

The Ting Tings

We on me for when it's on
People are there waiting to
Even if you're on it
We aren't everything you do
Now up and I'll be on
And I'll be to into your arms until move on and I'll be punk
Holla, point until you turn onto your top, on a top
I can see if on a weekend that you're on
I can only find a weekend that ain't to tough
Impacta, when I'm on it
Going all my heart
I am doing by and tee
When's your on and?
By your arm and tee
And see it up and I'll be up and I'll be something an some
(Thing)
And to on and to your arm and I'll be punk
Holla to an everything that I'm about holla to
I can see if on a weekend that you're on
I can only find a weekend that we can see ain't to tough
Oh, oh, oh
Woo, woo, woo
I am doing by and tee
When's your on and by your arm and tee
And see it up and I'll be up and I'll be something an some
(Thing)
And to on and to your arm and I'll be punk
Holla to an everything that I'm about, holla to I can see
If every weekend that you're on
I can only find a weekend that we can see ain't to tough
And to on and to your arm and I'll be punk
Holla to an everything that I'm about, holla to I can see
If every weekend that you're on
I can only find a weekend that we can see ain't to tough
And to on and to your arm and I'll be punk
Holla to an everything that I'm about, holla to I can see
If every weekend that you're on
I can only find a weekend that we can see ain't to tough

And to on and to your arm and I'll be punk
Holla to an everything that I'm about, holla to I can see
If every weekend that you're on
I can only find a weekend that we can see ain't to tough
Can you hear it? It's all around
Say can you hear it?
It's all around, go
Oh, oh, oh
Woo, woo, woo, go
