

# Sailin'

## Magic Kids

I've been up and down this high way  
    Feelin' washed up on the shore  
But I can see the sun slowly risin' out there  
    And I count down one more

And with the world above my shoulders  
    Hey, I can stand up straight and tall  
And slip my feet back in those worn out shoes  
    And still make last call

And we go sailin', sailin'  
    I wanna go sailin'  
On that magic ship we're on  
    Sail on sailor, sail on

To that place in my head  
    That simple place I've never been  
They say the sun never goes down there  
    Raise the canvas to the wind

And we'll go sailin'  
I wanna go sailin', I wanna go sailin'  
    Sailin' from sunset to dawn  
Sail on sailor, sail on, sail on

I wanna go sailin'  
    I wanna go sailin'  
Baby, let's go sailin'  
    I wanna go sailin'  
We gotta go sailin'

I wanna go sailin'  
[Incomprehensible] wind in my face  
    Well, we go sailin', sailin'  
Sail on sailor, let's go sailin' on  
    'Cos I wanna go sailin'
