

You'll Only Make it Worse

New Years Day

I'm sorry that i loved you, I'm sorry that I cared. I'm sorry that I played the games you did they, never got us anywhere.

I'm sorry if this hurts you, I'm sorry I just lied. The truth is I don't care if you get hurt or not for all the tears you made me cry.

I should have known we'd never get anywhere can't fall in love when your falling apart. Can't make amense if your only making mistakes, empty words can't fix a broken heart.

If the world froze over and everybody died and you and I were the only ones alive, I'd say I'm sorry you made it it's more than you deserve. Don't try to make it better you'll only make it worse.

I'm sorry that you miss me, I'm sorry I don't care. I was just a crutch for your loneliness, your heart was never really there. I'm sorry that I wasted so much of my time, time I could have spent with someone else would have meant less of you and all you lies. I should have known, we'd never get anywhere can't fall in love when your falling apart. Can't make amense when your only making mistakes, empty words can't fix a broken heart.

If the world froze over and everybody died, and you and I were the only ones alive I'd say I'm sorry you made it it's more than you deserve. Don't try to make it better you'll only make it worse.

If the world froze over and everybody died, and you and I were the only ones alive I'd say I'm sorry you made it it's more than you deserve. Don't try to make it better you'll only make it worse.

If the world froze over and only I survived. I'd sing these words at you funeral:It's good to be alive.

If the world froze over and everybody died, and you and I were the only ones alive I'd say I'm sorry you made it it's more than you deserve. Don't try to make it better you'll only make it worse.

I'd say I'm sorry you made it it's more than you deserve. You always make it worse.
