

# Them Kind of Girls

## Konu

This for them kind of girls, who moving through the world  
With candy coated body hitting like a typhoon  
She makes the sun shine, turning them thoughts of mine  
From pure into kinky in no time

This for them kind of girls, who moving through the world  
With candy coated body hitting like a typhoon  
She makes the sun shine, turning them thoughts of mine  
From pure into kinky in no time

Hold up, ooo for a minute now, let me explain this situation  
You and me look like we could be just right , kicking some love to elevation  
Cause the way you moveâ€™s got me on one, who canâ€™t confess youâ€™re bodyâ€™s banging like a sh  
Ooo could have the whole room up in shock, just from your smile or the way you walk Iâ€™m saying yeah

This for them kind of girls, who moving through the world  
With candy coated body hitting like a typhoon  
She makes the sun shine, turning them thoughts of mine  
From pure into kinky in no time  
This for them kind of girls, who moving through the world  
With candy coated body hitting like a typhoon  
She makes the sun shine, turning them thoughts of mine  
From pure into kinky in no time

Near the bus stop sucking on a lollipop, in a sundress touching you I think a heart dropped  
Or skipped a beat or two, sweeter than honeydew imagining all the naughty things Iâ€™d do to you  
Like confiscating your attire by a palm tree, then rub some candy lotion all over your body  
Then liberate it all with what I use to call, anything and everything now think about it.

This for them kind of girls, who moving through the world  
With candy coated body hitting like a typhoon  
She makes the sun shine, turning them thoughts of mine  
From pure into kinky in no time  
This for them kind of girls, who moving through the world  
With candy coated body hitting like a typhoon  
She makes the sun shine, turning them thoughts of mine  
From pure into kinky in no time

I like the pina colada caramel and coco, mellow mover moving nice and slow  
Spit chittahâ€™ chattah for more nani tapper, make her react ah, yeahhhâ€™ahhh

This for them kind of girls, who moving through the world  
With candy coated body hitting like a typhoon  
She makes the sun shine, turning them thoughts of mine  
From pure into kinky in no time

This for them kind of girls, who moving through the world  
With candy coated body hitting like a typhoon  
She makes the sun shine, turning them thoughts of mine  
From pure into kinky in no time
