

You're My Mate

Right Said Fred

Ill tell you what I think, I think shes a cow
Shes let you down too many times now
Lets go for a drink, forget it for now
Put It behind you, I think its your round 'Cause youre my mate and I will stand by you
Youre my mate and I will stand by you
And in the face of things that could hurt you
Youre my mate and I will stand by you 'Cause youre my mate and I will stand by you
Youre my mate and I will stand by you
And in the face of things that could hurt you
Youre my mate and I will stand by you
'Cause youre my mate Ill tell you what I think, I think hes a pain
He aint got a car but he drives you insane
Lets go for a drink and sink a few
Enough about him lets talk about you 'Cause youre my mate and I will stand by you
Youre my mate and I will stand by you
'Cause youre my mate and I will stand by you Youre my mate and I will stand by you
And in the face of things that could hurt you
Youre my mate and I will stand by you
'Cause youre my mate All I wanna do is get drunk here with you
All I wanna do is get drunk here with you
All I wanna do is get drunk here with you
All I wanna do is get drunk here with you 'Cause youre my mate and I will stand by you
Youre my mate and I will stand by you
And in the face of things that could hurt you
Youre my mate and I will stand by you 'Cause youre my mate and I will stand by you
Youre my mate and I will stand by you
And in the face of things that could hurt you
Youre my mate and I will stand by you 'Cause youre my mate
'Cause youre my mate
'Cause youre my mate
'Cause youre my mate
'Cause youre my mate Taxi
