## You're My Mate

## **Right Said Fred**

Ill tell you what I think, I think shes a cow

Shes let you down too many times now

Lets go for a drink, forget it for now

Put It behind you, I think its your round'Cause youre my mate and I will stand by you

Youre my mate and I will stand by you

And in the face of things that could hurt you

Youre my mate and I will stand by you'Cause youre my mate and I will stand by you

Youre my mate and I will stand by you

And in the face of things that could hurt you

Youre my mate and I will stand by you

'Cause youre my mateIll tell you what I think, I think hes a pain

He aint got a car but he drives you insane

Lets go for a drink and sink a few

Enough about him lets talk about you'Cause youre my mate and I will stand by you

Youre my mate and I will stand by you

'Cause youre my mate and I will stand by youYoure my mate and I will stand by you

And in the face of things that could hurt you

Youre my mate and I will stand by you

'Cause youre my mateAll I wanna do is get drunk here with you

All I wanna do is get drunk here with you

All I wanna do is get drunk here with you

All I wanna do is get drunk here with you'Cause youre my mate and I will stand by you

Youre my mate and I will stand by you

And in the face of things that could hurt you

Youre my mate and I will stand by you'Cause youre my mate and I will stand by you

Youre my mate and I will stand by you

And in the face of things that could hurt you

Youre my mate and I will stand by you'Cause youre my mate

'Cause youre my mate

'Cause youre my mate

'Cause youre my mate

'Cause youre my mateTaxi
