Gone With The Wind

Naturally 7

I saw you yeah you were waiting for your song
One you could dance to, lift your hand up to
But you've been waiting all night long
But we came with somethin'different
Spititual, but reminiscent
Now ya on the floor
Little did ya know that's what you came here for
Follow me
I'm gonna take you far from here this evening
I don't care how ya look or how ya dressed we're leaving
Don't look back (Don't you know)
We're gonna keep this party moving
(take you back to Eden)
We're gonna be so (so) long (long) gone (gone) Gone with the wind
So tell me, what's it gonna be
I can take you where you want to go
I can give you all you need
Don't you hear it's something different
Spiritual (spiritual) but reminiscent
Now ya on the floor
Little did ya know that's what you came here for
Follow me
I'm gonna take you far from here this evening
I don't care how ya look or how ya dressed we're leaving
Don't look back (Don't you know)
We're gonna keep this party moving
(take you back to Eden)
We're gonna be so (so) long (long) gone (gone) Gone with the wind
If the feel you're feeling that feels right
I'm suggesting that you move
This ain't no ordinary groove
Close your eyes imagine what it's like
Everybody's celebrating on a natural high (So - Long - Gone)
Follow me
I'm gonna take you far from here this evening
I don't care how ya look or how ya dressed we're leaving
Don't look back (Don't you know)
We're gonna keep this party moving
(take you back to Eden)

We're gonna be so (so) long (long) gone (gone) Gone with the wind
Throw ya hands up in the air
But this time cause you care
Can I take you on a journey?
Pack up your bags we're leaving early
