

Take What I've Taken

American Head Charge

This most unwitting occurrence
Is indeed about you
So take it
Or chalk it up
All the others before me
Can give what I doubtTake what I've takenThe three of threes
Professes you to me
Challenging and the favour will be
Paid in full
Pounds of flesh
In perfect dressTake what I've takenThis most unwitting occurrence
Is indeed about you
So take it
Or chalk it up
All these others before me
Can't doubt
What's killing you
Wells from inside
Atonement for the waste
Pleasure in one more accolade
Prehensive doubt prehensive ...One day I know when I see you
Far from these days that beat us
Far from my habits perfect prisonOne day, I know when I see you
Far from these days that beat us
Far from my habits perfect prison
