

No Wrong No Right

Soundgarden

Lyrics by chris cornell

Music by hiro yamamoto Watch for vipers and poison snakes

Feeling fingers make no mistake

Grabbing that pull your hair

Stealing everything there, everything Restless widow in the dark

Careless looks for a spark

Near the trap fate rears it's head

No hesitstion, victim dead

Just from the start it's the end And it's all the same in the end

It's all the same in the end Spider moving up your wall

To the ceiling he slowly crawls

Weaves a web above your bed

Egg that cracks falls on your head

And it's all the same

It's all the same

No hesitation, victim dead

Just from the start it's the end No wrong no right or guilt admission

It's all the same

You've been bitten, you've been bitten
