

Lights Out (Non-Album Track)

Green Day

Lights out, here comes the night,
As the darkness falls over the light
Lights out, there goes the day
And this fear that comes won't go away And I'm losing track of time
In the corners of my mind
And I'm living out my private suicide Lights out, I lost myself
In the space between heaven and hell
Lights out, finding my way
Till I waste my time losing the way
