

Better Off Alone

The Judes

Shell never give her heart to anyone
I never had a chance and now its done
Oh no, should I let it go
Or will we be Two pieces put together
No longer on our own
Who says were better off alone Im longing for a chance to talk to you
But it wont work that way in our school
Oh no, should I let it go
Or will we be Two pieces put together
No longer on our own
Who says were better off alone
