

Winedark Open Sea

[Paul McCartney](#)

Open up your heart if you want to set me free
Full of love, your love
Sailing on a winedark open sea
Sailing on a winedark open sea Lighten up my heart, leave it to the evening breeze
Give me love, your love
Sailing on a winedark open sea
Sailing on a winedark open sea Oh my, I feel love for you spreading through my body
I remember how we can be so loving
I feel love for you now
I feel love for you right now Loosen up my heart, let me have some time to be
With a love, oh my love
Sailing on a winedark open sea
Sailing on a winedark open sea Oh my, I feel love for you spreading through my body
I remember how we can be so loving
I feel love for you now
I feel love for you right now We're sailing on a winedark open sea
Sailing on a winedark open sea
Sailing on a winedark open sea
Sailing on a winedark open sea Oh, I feel love for you now
I feel love for you right now
I feel love for you now
Baby, I feel love for you right now We're sailing on a winedark open sea
Sailing on a winedark open sea
[Incomprehensible]
