

# Big Ass Headache

Justin Moore

Hey, girl, what's your name, girl  
I've been looking at you,  
And every guy's doing the same, girl  
It'd be a shame, girl  
If I let you just walk on by 'Cause I'm all caught up in your sweet smile  
A girl like you comes around every once in awhile  
So hot, gotta give it a shot  
Gotta get, get a little of what you've got I know you don't know me  
But I can't leave here lonely  
Knowing I didn't even try to make you mine  
And you might think I'm crazy, girl  
But who could blame me  
You're looking so fine, got me tongue tied  
And the only line I can think to say is Hey, girl, whatcha think, girl  
You look a little thirsty  
Let me go get you something to drink, girl  
Before you blink, girl  
I'll be right back by your side And if you want, we can roll out  
I know my way around this town  
I got a shotgun seat for you  
You can tell me where it is you want to take off to I know you don't know me  
But I can't leave here lonely  
Knowing I didn't even try to make you mine  
And you might think I'm crazy, girl  
But who could blame me  
You're looking so fine, got me tongue tied  
And the only line I can think to say is, "Hey, girl" Hey! Ooh, baby, you're still standing here  
I guess you must like what you hear  
Hey, girl, whatcha say, girl  
About you and me getting away, girl I know you don't know me  
But I can't leave here lonely  
Knowing I didn't even try to make you mine  
And you might think I'm crazy, girl  
But who could blame me  
You're looking so fine, got me tongue tied  
And the only line I can think to say is, "Hey, girl" Oh, yeah  
Oh, hey, girl You're looking so fine, got me all tongue tied  
And the line I can say is Hey, girl  
Oh, yeah
