Everybody Knows

John Legend

It gets harder everyday but I can't seem to shake the pain
I'm trying to find the words to say, please stay
It's written all over my face
I can't function the same when you're not here
I'm calling your name and no one's thereAnd I hope one day you'll see nobody has it easy
I still can't believe you found somebody new
But I wish you the best, I guess'Cause everybody knows that nobody really knows
How to make it work or how to ease the hurt
We've heard it all before everybody knows just how to make it right
I wish we gave it one more try, one more try
'Cause everybody knows but nobody really knowsI don't care what the people say, they're probably lonely

Baby don't fill up your head with he said, she said It seems like you just don't know, don't know The radio's on, you tuning me out

anyway

I'm trying to speak, you're turning me downAnd I hope one day you'll see, nobody has it easy I still can't believe you found somebody new

But I wish you the best, I guess'Cause everybody knows that nobody really knows

How to make it work or how to ease the hurt

We've heard it all before everybody knows just how to make it right I wish we gave it one more try, one more try, one more try, one more try

'Cause everybody knows but nobody really knowsOh, I wish you'd understand

Oh, just an ordinary man

Wish that we had known

Everybody knows but nobody really knowsAnd I know one day you'll see nobody has it easy I still can't believe you found somebody knew

I wish you the best, I guess'Cause everybody knows that nobody really knows How to make it work or how to ease the hurt

We've heard it all before everybody knows just how to make it right I wish we gave it one more try, one more try, one more try, one more try

'Cause everybody knows but nobody really knows Nobody really knows, nobody really knows
