Talkin' 'bout A Home

Chris Isaak

Pretty girls they go walking by.
I don't even give a glance.
Since I met you I changed everything.
I don't wanna take a chance.It's like a shadow's lifted off of me.
I'm a brand new kinda of man.
I keep looking at these wedding rings.
Now I hope you'll understand.I'm Talkin bout a home.
Talkin bout me and you and the things we'll do.
I said a home.
I'm not talkin bout a one night stand,
I wanna be your man.
I said a home.
I'm Talkin bout a home.Suzanne, you could please any man. Sorry what a friend you've been.
It pains me now to take pen in hand and let you know.
Those care free days are through, for every dream must have it's end.Yang, Miss Jennifer, Tyrenne too, what a team we could've made.
But now I'm pledged to someone new.
And I hope you'll understand.
She changed everything today.Talkin bout a home.
Talkin bout me and you and the things we'll do.
I said a home.
I'm not talkin bout a one night stand,
I wanna be your man.
I said a home.
Talkin bout a home.
Talkin bout a home.
Talkin bout a home.I see a flower pedal is drifting down.
Young girls giggle as they pass.
I'm so happy I could laugh out loud.
And I know it's gonna last.Talkin bout a home.
Talkin bout me and you and the things we'll do.
I said a home.
Not talkin bout a one night stand,
I wanna be your man.
I said a home.Yeah I'm talking bout a wedding ring and the whole damn thing.
I said a home.
Talkin bout a home.
Talkin bout a home.
Talkin bout a home.

Oh baby
Talkin bout a home.
Yeah yeah.
Talkin bout a home.
