Virtual Insanity

Castro Beats

Oh yeah, what we're living in?
Let me tell ya
It's a wonder that man can eat at all
When things are big that should be small
Who can tell what magic spells
We'll be doing for us?
And I'm giving all my love to this world
Only to be told
I can't see, I can't breathe
No more will we be
And nothing's going to change the way we live
'Cause we can always take but never give
And now that things are changing for the worse
See, Wha, it's a crazy world we're living in
And I just can't see that half of us immersed in sin
Is all we have to give this
Futures made of virtual insanity
Now always seem to be governed by this love we have
For useless, twisting, all our new technology
Oh, now there is no sound, for we all live underground
And I'm thinking what a mess we're in
Hard to know where to begin
If I could slip the sickly ties
That earthly man has made
And now every mother can choose the color
Of her child that's not natures way
Well that's what they said yesterday
There's nothing left to do but pray
I think it's time I found a new religion
Waoh, it's so insane
To synthesize another strain
There's something in this future's that we have to be told
Futures made of virtual insanity
Now always seem to be governed by this love we have
For useless, twisting, all our new technology
Oh, now there is no sound, for we all live underground
Now there is no sound
If we all live underground
And now it's virtual insanity

Forget your virtual reality
Oh, there's nothing so bad [Incomprehensible]
I know yeah [Incomprehensible]
I know what can go on
Of this virtual insanity, we're livin' in
Has got to change, yeah
Things, will never be the same
And I can't go on while we're livin' in
Oh, oh virtual insanity
Oh, this world, has got to change
'Cause I just, I just can't keep
Going on, it was virtual
Virtual insanity that we're livin' in
That we're livin' in
That virtual insanity is what it is
Future's made of virtual insanity
Now always seem to be governed by this love we have
For useless, twisting, all our new technology
Oh, now there is no sound, for we all live underground
Future's made of the virtual insanity
Now we always seem to be governed by our love
For these useless, twisting of our new technology
Now there is no sound, for we all live underground, yes we do
Living in virtual Insanity
Living in virtual Insanity
Living in virtual Insanity
Living in virtual Insanity
Virtual insanity is what we're living in
[Incomprehensible]
