

You

Go Back to the Zoo

You, yeah you turned your back to me.
I tried to turn you around, around, around.
I tried to turn you around, around, around. From the bottom of the sea,
I was high in devotion.
You know that we can be something,
We'll beat anything. But when the night fell in Berlin,
Or I can see the clouds still in grey in the purple sky. You, yeah you turned your back to me.
I tried to turn you around, around, around.
I tried to turn you around, around, around. You, yeah you turned your back to me.
I tried to turn you around, around, around.
I tried to turn you around, around, around. I don't want we,
And I should be stronger.
I know that I can be something,
We'll beat anything. But when the night falls for the first time,
And I can't seem to find my space, in the universe. You, yeah you turned your back to me.
I tried to turn you around, around, around.
I tried to turn you around, around, around. You, yeah you turned your back to me.
I tried to turn you around, around, around.
I tried to turn you around, around, around, around, around.
I tried to turn you around, around, around, around, around. If you bring the light,
I'll start a fire. If you bring the light,
I'll start a fire. If you bring the light,
I'll start a fire. If you bring the light,
I'll start a fire. If you bring the light,
I'll start a fire. If you bring the light,
I'll start a fire. If you bring the light,
I'll start a fire. If you bring the light,
I'll start a fire. I'll start a fire. Yeah, you turned your back to me,
I tried to turn you around.
