

# One Wish Away

## Katra

Once upon a time,  
A little girl,  
Age of nine,  
Had wings  
So that she could flyShe wished upon a star  
"Keep me safe and guard  
my way if I go too far"Can't you see what I see?  
Oh, I felt so alive  
When all my dreams were just  
One wish awayCan't you see what I see?  
Oh, I felt so alive  
When all my dreams were just  
One wish awaySomewhere above  
The promised Eden of love  
Held her young heart unharmedBy closing her eyes  
She could easily rise  
And leave all the tears behindWonder why  
I can no longer fly  
Away from the pain  
That I feel  
Every nightCan't you see what I see?  
Oh, I felt so alive  
When all my dreams were just  
One wish awayCan't you see what I see?  
Oh, I felt so alive  
When all my dreams were just  
One wish awayFrom right to wrong  
Virtue to vice  
Eyes of a child  
Cannot see hidden evil insideCan't you see what I see?  
Oh, I felt so alive  
When all my dreams were just  
One wish awayCan't you see what I see?  
Oh, I felt so alive  
When all my dreams were just  
One wish away
